Dear Sir or Madam:

In 2001, the Air Resources Board staff undertook a survey of architectural coatings companies to gather information regarding the products they sold in California during 2000. In October 2002, a preliminary draft report of some of the survey results was posted on our web site for public review and comment.

An expanded draft report that incorporates the initial set of comments and a complete presentation of the survey data is now available for your consideration. This latest draft report may be accessed on line at the following address: <a href="http://www.arb.ca.gov/coatings/arch/survey/2001/survey.htm">http://www.arb.ca.gov/coatings/arch/survey/2001/survey.htm</a>. If you are unable to access the report in this manner, please contact Ms. Elizabeth Miller at (916) 327-0376, or at <a href="mailler@arb.ca.gov">efmiller@arb.ca.gov</a>, to obtain a printed copy.

If you have any comments on this draft survey report, please send them to me by letter or e-mail by May 30, 2003. After considering all comments, we will then publish a final survey report.

If you have questions regarding the data in this report, please contact Ms. Monique Davis at (916) 324-8182, or by e-mail at <a href="mailto:mdavis@arb.ca.gov">mdavis@arb.ca.gov</a>.
